The Ten of Diamonds Person

The Blessed Card

This card sits in the very center of the Grand Spread of cards, protected on all sides by Jupiter's blessings. It is THE card of material opulence though few of them actually achieve this reality. However, all of them are protected financially and will always have a certain amount of good luck. To achieve their highest potential, they need to be involved in a business, preferably their own. They have the know how to manage and run a business of any size. Many of them inherit or marry into wealth.

With so many blessings, you might expect them to be generous souls, but that is not always the case. Many of them simply direct these blessings to the acquisition of more money and some of them even become ruthless in this regard. Others, however, pay heed to their Queen of Clubs Karma Card, the card of intuition and service through knowledge, and devote their talents and resources to helping the world. All tens are in danger of becoming overly fixated on 'accumulation' of things related to their suit. For the Ten of Diamonds, this would manifest as a money fixation. Some Ten of Diamonds can be very selfish.

With their creativity and intelligence, they are always successful in whatever they undertake. Usually this power is directed towards business and gain and there is no size of business or financial enterprise that they cannot handle. If they develop their spiritual awareness, their later years will be filled with expansion of their mind and soul instead of doubt and indecision. Many find an artistic avenue of expression in their later years, which brings many rewards.

Some of the Ten of Diamond Issues Concerning Relationships

Ten of Diamonds have a strong desire for love and relationships and also some karma from past lives that must be discharged through one or more difficult divorces or separations. They bring into this life some karma of having been the one who left another unfairly and unlovingly. In this life, they are likely to receive the same treatment from another, often the same person they were with before.

They want love and are usually the one who initiates new relationships. It is their own emotionally restless nature that must be dealt with before they can have a successful marriage. They often find themselves in situations where they must sacrifice their own need for affection for higher reasons or to help others in need. They are learning to love themselves and the child within. Finding that relationship within brings them more fortune in other relationships as well.

The female Ten of Diamonds should not let relationships come before her work and career, except in few cases where there is great compatibility. There always seems to be great burdens associated with romance and marriage.

All About Anne's Other Ruling Cards

The card(s) listed below are other ruling cards for the person in this report. They are just like the Birth Card and show a different side to this person's personality and karmic expression. In truth, they are just as important as the Birth Card and some individuals express themselves more through one of these cards than their Birth Cards at times. Thus a close study of these cards would be appropriate to having a more complete understanding of this person. Brief descriptions are given here, but just keep in mind that the total person is a combination of all of these cards and that each of them, along with the Birth Card, finds its expression in them.

Anne's Planetary
Ruling Card

Eight of Spades as Your Planetary Ruler

This ruling card adds a great deal of power to your personality, making you someone to be reckoned with on a personal level. It could also make you a workaholic. You probably attract others who are also powerful and in these relationships will resolve some of your power and control issues. You have a strong desire for work and to make money, but you must be careful not to abuse others to acquire your goals. Your power can be used for healing or to do many other good things. You probably have more energy than the average person and may seem to be somewhat of an extremist at times. But you learn by doing and trying things yourself. This card gives you the strength to overcome any obstacles and problems that come your way.

About The One-Year Reading for your Birth Card

Our Birth Card is the most significant card of all the cards that represent us. It is the card that we identify the most with and the one in which we 'shine forth' with the greatest brilliance. We have other cards that are symbols of us as well. These include the Planetary Ruling Card, Personality Cards and Karma Cards to some extent. However, it is the Birth Card that is first and foremost in its importance and in its ability to describe our life in great detail.

Since this report may contain the Yearly Spreads for other cards that represent you, it is important to know the difference between them and their purposes in determining what they are trying to tell you.

On the following pages are all the cards for this year that fall in the Yearly Spread for your Birth Card. Cards in the Birth Card's Yearly Spread can pertain to most any area of your life, in contrast to the Personality Card spreads which usually only pertain to certain aspects of your life. As you read these influences keep in mind that these are the primary and most important.

About The Year-Long Influence Cards in your Birth Card's Spread

Each card in your yearly reading says something about a specific area of life. Some influence the entire year while others influence primarily a 52-day period of time. The cards above are those that influence the entire year. Because of this, they are always considered to be the most important cards of the yearly reading. Look to these cards for major themes and influences that will essentially dominate your attention this year.

Each of these three to five cards has a specific function and purpose and will tell you some different and yet important things about the year this report is for. Take your time as you read their meanings as well as the text that describes their individual importance and functions.

A general description of each of these five cards is as follows:

1. The Long Range Card - this card signifies what or whom is a major focus of your attention. Remember that this card is generally not positive or negative, just represents where your attention is focused.
2. The Pluto Card - this is something or someone who is challenging you this year, to make a change in your life. Sometimes it represents a goal you have that will cause this change.
3. The Result Card - represents a blessing that occurs as the current year draws to a close. If it is the card of someone you know, there is a strong chance you will be together with them in a significant way by your next birthday.
4. The Displacement Card - not every card has this, but most do and it signifies where you must put your energy this year to achieve more positive results in your life. Be ready to give to this card.
5. The Environment Card - again, most cards have this, but not all. It represents a helpful positive influence in your life this year. Allow this blessing to come to you.

NOTE: Only the family of 45 cards have Environment and Displacement cards each year. If your card is one of the family of seven (A♣, 2♥, 7♦, 8♠, 9♥, J♥, or K♠), you do not have these cards in your spreads. There are important reasons for this but mostly it is because your card is considered 'fixed' and does not move about like the family of 45.

Your Long Range Card This Year In Your Birth Card's Spread

The Five of Spades as the Long Range Card

The 5♠ is the strongest indicator of travel or moving your home or your business, but on a deeper level, it means a change that will somehow affect what you do every day, a change of 'lifestyle'. It can indicate changes in your work or health as well. You may be faced with the need to make basic changes in your lifestyle that could affect every area of your life. In some cases this card simply reflects changes in one's work environment or the way one conducts business. But usually it indicates much more fundamental changes, either in one's residence, lifestyle, or health.

Underneath all the changes is likely to be a very powerful inner restlessness. The time has come for you to move in new directions. These new directions could be in the area of work or the location of your home. You could have a strong desire to travel that sets you off on a great adventure this year. Hopefully these changes will be for the better.

Keywords:

A year of changes in work or health, travel, lifestyle, or one or more changes in residence. My life is changing in important ways.

Your Pluto and Result Cards This Year In Your Birth Card's Spread

The Eight of Diamonds as the Pluto Card

This year, one of your main goals will be that of creating more money in your life. You are desiring to have the power that money represents, the power to make some purchases that are important to you. To acquire this power you will have to change your behavior and possibly your attitudes about money.

This card indicates that you need a fixed and determined set of values, that is, you need to get perfectly clear about what you want and why you want it. Once you are clear about what you want, then you can devote yourself to a single-minded pursuit of those financial goals. This kind of dedication always brings success, but since this is the Pluto Card, it is likely that acquiring these qualities will be challenging at times and cause you to make some fundamental changes in the way you approach money, work and finances. Your Result Card will tell you more about this financial power you seek or will point to a person in your life who is closely connected with it.

Affirmation:

I create the financial prosperity to purchase the things that I want and deserve. I focus all my values into one powerful stream of 'wealth energy'.

The Pluto and Result Cards together represent the challenges of the year and those things and people that will transform us.

But as the year progresses and we meet these challenges, the Result Card turns into a blessing, a reward that we reap for the work we have done.

The Three of Clubs as the Result Card

You will probably have a lot on your mind this year. You may be involved in creative writing or advertising or you may be working two jobs at once. Creative energies are flowing and you will need a constructive outlet to keep them from turning into worry and indecision. By your next birthday you are likely to be successfully involved in some form of writing or other creative endeavor. Your Pluto Card will give more details about this or reveal who is involved.

Affirmation:

I am harnessing my creativity and overcoming my worry and indecision. I become a successful writer.

The Result Card is the powerful blessing at the end of the year and when someone's card appears there, it makes for a very strong chance of your ending up with them in some significant way.

Your Environment and Displacement Cards This Year In Your Birth Card's Spread

The King of Clubs as the Environment Card

This is a year when you can take a leadership role in some form of knowledge and be recognized for your accomplishment. Perhaps you are studying a new subject which you wish to master or learning a new occupation. In any event, this card guarantees the ability to become a master at what you learn or do. You could be promoted to a higher position at work as well, a position that puts you in a more responsible place among your peers.

You are displacing the Ten of Spades this year.

This is going to be a fortunate year in some respects and you will likely get one or more important wishes fulfilled. However, be prepared to work hard for the things you want. This could be a year of more work than you could imagine. The Ten of Spades is a card of success through determined and plentiful effort. It can represent having so much to do that you feel somewhat burdened by your work load. However, you can accomplish a tremendous amount in the process.

Your 52-Day Mercury Planetary Period Cards In Your Birth Card's Spread

Begins on 9/1/2025 and ends 10/23/2025

About the Mercury Period Cards

The Mercury Period is the one that always begins on your birthday each year. During this period, the focus is usually on communications, short trips here and there, educational pursuits, or the affairs of siblings and other family members. The two cards found in this period will combine to tell you what influences are present and therefore, what is likely to occur.

Mercury Period Cards are usually of little consequence since Mercury itself is such a quick-moving influence. Therefore, events under Mercury will usually be short-lived, quick or sudden.

Direct

The Six of Diamonds in the Mercury Period

This card indicates a lack of change in business affairs and a smoothing out in this area. Under a Six of Diamonds there is no escape from debts and obligations so if you owe money you may have to pay now. This works both ways. This influence does not support changes in business and you may find any travel plans or business changes get postponed until later. Be prepared to settle up financially with anyone that you owe money to, especially if they are related to education or your vehicle.

Vertical

The Six of Clubs in the Mercury Period

This can mean a period of relative quiet and harmony that lasts but a few days. This is a card of intuitive potential but an inclination to laziness now may prevent you from doing anything with it. Your life can be harmonious now if you take steps towards being responsible for the ways in which you communicate with others and be willing to make compromises and adjustments as well. This could be a very peaceful and enjoyable period.

Begins on 10/23/2025 and ends 12/14/2025

About the Venus Period Cards

The Venus Period is the one that always begins 52 days after your birthday each year. During this period, the focus is usually on home and family matters and affairs of the heart. The two cards found in this period will combine to tell you what influences are present and therefore, what is likely to occur.

Those who are in a profession that involves beauty products or any one of the arts should read their Venus Cards as general indicators of the success or failure of those types of businesses.

Direct

The Jack of Clubs in the Venus Period

This period could bring good relations with some bright and witty young man. For women, this could be a possible lover or suitor. This man could be very jealous and frivolous so check his character before making any long term commitments or plans. With this influence you could have a desire to associate with those of intelligence and wit. You too, are very witty, charming, and attractive now. Your creative energy is high and can be used successfully in many ways.

Vertical

The Six of Hearts in the Venus Period

This should be a period of contentment, stability, and happiness in your personal relationships. You can use the 'law of love' and the willingness to make compromises to overcome any hurdles or obstacles in your family and romantic areas. By acting with responsibility and fairness in all matters of the heart, you will ensure that peace reigns in your house and heart. Any love affairs begun during this period will be for the settling of karmic debts.

Your 52-Day Mars Planetary Period Cards In Your Birth Card's Spread

Begins on 12/14/2025 and ends 2/5/2026

About the Mars Period Cards

The Mars Period is the one that always begins approximately 104 days after your birthday each year. During this period, you are likely to have more physical and aggressive energies. For this reason, this is a good time to get involved in physical pursuits or to actively pursue your goals.

Mars Period Cards also govern our relationships with men in general and with any legal matters we are involved in. If you are involved in a legal suit of any kind, the Mars Cards will indicate the probable success or failure of these pursuits.

Direct

The Queen of Diamonds in the Mars Period

Success in businesses related to men is one of the keynotes for this card of financial mastery. Aggressive pursuit of your financial goals could bring in huge returns and your sense of what sells has never been better. At the same time it may be hard for you to slow down and control the urge to spend money impulsively on luxury items, the negative side of this card. Keep your impatience channeled into your work for the best results during this period.

You may also find that there are one or more women of the Diamonds suit for whom you feel some attraction or anger during this period.

Vertical

The Four of Clubs in the Mars Period

This is a good influence for satisfying emotional and intellectual relationships, especially with men. For women this is an indicator of happiness in marriage and home or good news from home. Aggressive pursuits of education and friendships will bring rewards during this period. Mental activity can be successfully applied in work, especially in the areas of organization, efficiency, and practicality.

The stabilizing influence of this card is powerful and will bring a happy period for you, even if the indications of your other Mars Card are more challenging. Even if your other Mars card indicated a challenge or problem, this card guarantees that you will overcome it and that the result will be a positive one. A successful card in the other position will further strengthen the influence of this card and could tell you who or what you will experience such satisfaction with during this 52-day period.

Your 52-Day Jupiter Planetary Period Cards In Your Birth Card's Spread

Begins on 2/5/2026 and ends 3/29/2026

About the Jupiter Period Cards

The Jupiter Period is the one that falls in the middle of your personal year. During this period, the focus is usually on business and financial matters, though it is not restricted to these alone. The two cards found in this period will combine to tell you what influences are present and therefore, what is likely to occur.

Our Jupiter Cards often tell us what or who are the biggest blessings of the year, especially along financial lines. If we involve ourselves in activities related to our Jupiter Cards, we could see an increase in our finances through those directions.

Direct

The Three of Diamonds in the Jupiter Period

Here you have the possibility of financial success in two or more areas at once or by expressing your creative energies. This is a great influence for those in the creative fields, whether that be artistic or financially creative work. Your involvement in two or more money schemes at once may also create some indecision & worry. The Jupiter period usually brings out the best of any cards found there, especially financially. Use this influence to make more money doing creative work or by diversifying what you are already doing into various channels.

Vertical

The Jack of Spades in the Jupiter Period

This period will either see you have much financial success by using your creativity or by having an initiation into spirituality that could change your life. This is a highly spiritual influence that could bring you wisdom and alter your destiny, especially if this is the top card of the pair in Jupiter. On the other hand, your money-making interests will benefit greatly from any creative ideas that you implement now.

On a more mundane level, any men of the Spades suit could be a source of financial and other blessings this year, especially those who are younger or involved in creative professions.

Your 52-Day Saturn Planetary Period Cards In Your Birth Card's Spread

Begins on 3/29/2026 and ends 5/20/2026

About the Saturn Period Cards

The Saturn Period follows Jupiter and is almost the reverse of it in its influence. Whereas Jupiter is expansive and abundant, Saturn is often restrictive and burdensome. The two cards found in this period will combine to tell you what influences are present and what is likely to happen. Our Saturn Cards often describe who or what are our major challenges or difficulties for the year. However, by facing these challenges, we can learn many things that will aid in our ultimate success. Saturn teaches us patience and responsibility.

Direct

The Nine of Hearts in the Saturn Period

The likelihood of emotional problems causing ill health and other kinds of misfortune is present during this period. Personal relationships are challenging and disappointing but contact with the public can be a source of fulfillment and joy. It may be that you are involved in a heavy karmic relationship now, one that was destined to teach you much about yourself and your love nature. In any case, one or more key relationships in your life have reached their place of completion and are now coming to an end. Letting go of personal attachments and relationships that are no longer serving any good purpose in your life will ultimately lead you to new and better relationships. This card can often represent a difficult divorce.

Also bear in mind that the difficulties or challenges indicated by this card could be offset by a strong card in the other position, for example any of the fours, eights or tens.

Vertical

The King of Clubs in the Saturn Period

Though the Saturn period is usually the most difficult, this powerful card's presence will guarantee that you will meet with some success by applying your mental power, maturity and ability to make distinctions to situations at hand. The King of Clubs mind power can help solve health problems or any other difficulties that seem to place burdens on you now. Use it to heal yourself of any negative mental beliefs that may stand in the way of your happiness.

Be on the lookout for men of the Clubs suit, especially those who are older or who may be in positions of authority or responsibility. These are likely to prove troublesome or burdensome in some way during this period.

About the Uranus Period Cards

After the often grueling struggle of the Saturn Period, the Uranus Period usually comes as a welcome relief. Everything tends to lighten up and we tend to focus more on the people we hang out with both socially and at work. The two cards found in this period will combine to tell you what influences are present and therefore, what is likely to occur.

Things often happen unexpectedly in Uranus or the things that happen have an unusual quality about them. Our Uranus Cards often foretell the success or failure of our relationships at work or in other circles.

Direct

The Ten of Spades in the Uranus Period

This card represents success in organizations of labor, real estate or other earth-related businesses. General success in work and the overcoming of work and health difficulties are suggested by this card. This success also applies in the areas of humanitarian work, futuristic technology, or in some unusual manner. This is an excellent influence and gives you a special gift of dealing with groups of people in a healing and positive way.

Vertical

The Three of Spades in the Uranus Period

This influence indicates indecision about a real estate deal, your work, affairs of employees, or psychic experiments. During this period you may find yourself either working two jobs at the same time, or finding a creative outlet in which to invest yourself. Whether this is a positive or stressful influence will depend upon how you decide to use this strong creative influence.

The Three of Spades is called the 'Artist Card' and for this reason this is a wonderful and beneficial influence for creative work of all kinds and self-expression. You can do a lot towards relieving any mental worry and anxiety by getting yourself involved in some creative project.

Your 52-Day Neptune Planetary Period Cards In Your Birth Card's Spread

Begins on 7/11/2026 and ends your next birthday!

About the Neptune Period Cards

Neptune is the last period, that always begins 52 days before your next birthday each year. This period is one of the best times to take a vacation, especially if that vacation will take you to a foreign country.

Our Neptune Card(s) often represent who or what are our 'hopes and fears' for the year. It can represent things that we secretly want or things that we may be afraid will come to pass. The Neptune Period is usually not a good time to make any definite decisions about our future as things often appear blurred from our point of view.

Direct

The Jack of Hearts in the Neptune Period

A very strong spiritual influence is present in your life during this period that could bring profound revelations and inspire you to higher levels of thought and action. Your dreams and cherished desires are undergoing a transformation to higher levels of truth and spirituality. This may prompt you to give up old patterns of thinking, desires and ambitions and move towards helping others in a selfless way as Jesus Christ did, one of the natural rulers of this card.

Any younger men of the Hearts suit that you meet during this period, and to a lesser extent, this entire year, are likely to be a little hard for you to see objectively. You could easily project your fantasies on them, romantic or otherwise. Therefore it is best not to make any important decisions related to them until after your next birthday.

The Auspicious Cycles and Event This Year In Your Birth Card's Spread

Your are in the Year of the Mystic Triangle

There are many significant years in life and groups of years that have a powerful affect on our lives. The Mystic Triangle Year is one of these and is very significant, not only for what it represents for you this year, but also because it is the beginning of a nine year cycle that culminates with the Most Blessed Year. The first thing to know about the Mystic Triangle Year is that your card is sitting at the apex of a triangle with your first and second Karma Cards in the lower left and right corners. Look at the Grand Solar Spread tab in this software to see this triangle for yourself. Your card sits in what is normally occupied by the 10 of Spades and your two Karma Cards are in the lower left and right hand positions, normally occupied by the Queen and 4 of Hearts. What this apex of the triangle means in practical terms is mostly that you have to make an important decision this year about the direction of your life from here forward. For most of the clients I have read for who have this position, this decision has always involved a big change of direction. And, in every case, they followed that new direction for continued success. Another prominent feature of this position is that you are sitting in the Jupiter column of the Grand Solar Spread, which always promises some good fortune and/or wishes being fulfilled. This blessing influence further supports taking the risk of a big change which will lead to more success. Finally, most of my clients with this card reported being involved in some form of a legal challenge during the year. And, in every case, they were successful with that too. If you are considering a new direction in your life as this year begins, know that you are probably thinking not only correctly, but making a choice for a better life.

Your Life Spread Pluto Card is found in a challenging position this year

Our Life Spread Pluto Card is considered to be one of more important indicators of an area of our life that requires us to transform over the course of our lifetime. It is indeed an indicator of an energy, signified by the Pluto Card, that we tend to express in a negative way. It is amazing that it often takes a good portion of our lifetime just to be aware of the implications of this card and the ways that we express that in our lives. Even for you, right now, you may not be fully aware of how this card shows up in your day to day life and how its negative influence affects your life and/or relationships. Often, it is like the peeling of an onion, you discover one layer and later discover more underneath.

This particular year, your Pluto Card is found as your Saturn Card or your Displacement Card, which are both somewhat challenging positions themselves. Please check your spreads to determine which position it is found. If it is in Saturn, the effect will be nearly all in that period, but if it is the Displacement Card, the influence will be felt for most of the year. When we have a challenging card from our Life Spread found in a challenging position in our yearly spread, it indicates a time in which the issue, represented by that card, will be manifesting as a situation that must be dealt with. Essentially, we get to revisit that issue and see how well we have come to understand and handle it in our life. This is usually considered a negative event, but if you look at this from the spiritual point of view, it is a blessing in disguise since it can further your spiritual progress very quickly.

5. The Environment Card - again, most cards have this, but not all. It represents a helpful positive influence in your life this year. Allow this blessing to come to you.

NOTE: Only the family of 45 cards have Environment and Displacement cards each year. If your card is one of the family of seven (A♣, 2♥, 7♦, 8♣, 9♥, J♥, or K♠), you do not have these cards in your spreads. There are important reasons for this but mostly it is because your card is considered 'fixed' and does not move about like the family of 45.

Your Long Range Card This Year In Your Planetary Ruling Card's Spread

The Five of Diamonds as the Long Range Card

This will be an important year of transition for you that will leave you in an entirely new place by your next birthday. A fundamental change in what is most important to you will be likely to cause major changes in your job, approach to money and even relationships. You could even move to a new location during this powerful transition. Since our lives are basically structured to provide us with the things that we deem most important, when this inner picture of what is important to us changes, our exterior world has no choice but to follow suit.

To get the most out of this year, allow the changes to flow in your life without trying to know exactly what lies ahead. When you are in transition, you must change and depart from what has been and the future is not always clear. But there are always clear skies ahead just beyond what we can see. It would be wise to expect changes and to not make big commitments until after your next birthday.

Your Pluto and Result Cards This Year In Your Planetary Ruling Card's Spread

The Queen of Hearts as the Pluto Card

The influence of this card depends upon your marriage status as you begin this year. If you are single it is likely that just the concept of getting married is on your mind a lot and that you are choosing to take a close look at it with possibilities for the future. Perhaps you have never been married or you had a bad marriage before. Maybe you have met someone, often represented by the Result Card, that you would like to get married to. Whatever, it seems that getting married is something that you need time to think about and get used to before you do it. If you can examine your internal conflicts about it, it is possible that you could get married, if that is what you want. It is in your power.

If you are already married or in a committed relationship, this could be a very challenging year for you where you have to learn how much it takes to create a successful partnership.

This card could also mean challenges around the issue of motherhood, either with existing children or about a child yet to be born. The Queen of Hearts Pluto often occurs during the years when someone wants to have a baby. In some cases, the Result Card will be the Birth Card of the baby that will be born.

The last possible interpretation for this card is that your indulging in pleasures may somehow challenge you this year. You have to wrestle with your diet or sexual matters to come into a more healthful balance.

Your Result Card will further describe how marriage or childbirth is challenging you this year or tell you who is an integral part of that challenge.

Affirmation: I create love, happiness and pleasure in my life in good measure and in balance with all of the other areas of my life.

The Pluto and Result Cards together represent the challenges of the year and those things and people that will transform us.

But as the year progresses and we meet these challenges, the Result Card turns into a blessing, a reward that we reap for the work we have done.

The Seven of Spades as the Result Card

As part of this year's major challenge, represented by your Pluto Card, you will be working with negative patterns in yourself that may have been affecting your health or your ability to work with others effectively. The Seven of Spades will show you where there are areas to be upgraded and it is certain that you will see them and do something about it. Achieving this new level of health or spirituality may not be easy but you will surely do it before your next birthday.

Affirmation:

I complete this year with more positive health and work habits or create more spirituality in my work.

The Result Card is the powerful blessing at the end of the year and when someone's card appears there, it makes for a very strong chance of your ending up with them in some significant way.

Your Environment and Displacement Cards This Year In Your Planetary Ruling Card's Spread

The Seven of Hearts as the Environment Card

This could be the year that you have a real experience of unconditional love. As you allow others to be who they are, you also allow yourself to be yourself and in this way you will be able to experience a new sense of personal freedom. To be totally free means having no attachments to others and no worries about whether or not they love us. It also means having a knowing that there will always be enough love in our life, because it comes from within.

You are displacing the Queen of Spades this year.

This may be a year of hard work and drudgery or one of great accomplishment on the personal and spiritual levels. It all depends on how you use this energy. Your powers of organization are strong this year and you could get a lot of work done but be careful that you don't just work, work, work and get stuck in a work rut. You have an opportunity this year to achieve 'self mastery'. This means you can make inner changes that will alter your external life.

About the Mercury Period Cards

The Mercury Period is the one that always begins on your birthday each year. During this period, the focus is usually on communications, short trips here and there, educational pursuits, or the affairs of siblings and other family members. The two cards found in this period will combine to tell you what influences are present and therefore, what is likely to occur.

Mercury Period Cards are usually of little consequence since Mercury itself is such a quick-moving influence. Therefore, events under Mercury will usually be short-lived, quick or sudden.

Direct

The Four of Spades in the Mercury Period

This period may bring an unexpected or sudden satisfaction or resolution of some matter, perhaps related to your work or health. This satisfaction could also be related to a short trip, a communication, education, or a relative of yours. It may also be a somewhat short lived satisfaction. This basically indicates a settling of affairs in the areas indicated. The only negative effect of this influence would be a stubbornness of the mind.

This is such a powerful and stabilizing influence that it will produce very good results during this period, even if your bottom Mercury Card is one of challenge or adversity.

Vertical

The Ten of Hearts in the Mercury Period

This influence will bring sudden social success among some group of people or success in areas dealing with communication, publishing, and speaking. This could mean a party, such as a birthday party, or some other gathering where there are lots of people for you to impress with your wit and charm. This influence can be applied for business or financial success by scheduling advertising or promotions while this card is present.

Direct

The Five of Spades in the Venus Period

This period may bring a trip for love, or one that takes you away from a loved one. You might have a change in your love life, or a visit from a female. Business travel or changes are favored and bring money. You may be more fickle than usual now and this may be the cause of changes in your relationships. This is an excellent time to move to a new home or better living conditions. You may even remodel or redecorate your home now.

Vertical

The Seven of Clubs in the Venus Period

This period could bring challenges or obstacles to your most heartfelt desires. This could manifest as an argument with a woman or loved one. You may be the subject of gossip or have opposition to plans, especially related to love. You can transform any negative experiences now by elevating your attitudes and letting go of fear and attachments. Bear in mind that your own plans may not be the best for you, that something better is possible if your mind is open.

Your other Venus Card may tell you who or what the emotional or personal challenge is about. Also keep in mind that a strong or powerful other Venus Card, such as a four, eight or ten, could mitigate the adversity of this card and bring about very positive results from a challenging situation.

Your 52-Day Mars Planetary Period Cards In Your Planetary Ruling Card's Spread

Begins on 12/14/2025 and ends 2/5/2026

About the Mars Period Cards

The Mars Period is the one that always begins approximately 104 days after your birthday each year. During this period, you are likely to have more physical and aggressive energies. For this reason, this is a good time to get involved in physical pursuits or to actively pursue your goals.

Mars Period Cards also govern our relationships with men in general and with any legal matters we are involved in. If you are involved in a legal suit of any kind, the Mars Cards will indicate the probable success or failure of these pursuits.

Direct

The Four of Clubs in the Mars Period

This is a good influence for satisfying emotional and intellectual relationships, especially with men. For women this is an indicator of happiness in marriage and home or good news from home. Aggressive pursuits of education and friendships will bring rewards during this period. Mental activity can be successfully applied in work, especially in the areas of organization, efficiency, and practicality.

The stabilizing influence of this card is powerful and will bring a happy period for you, even if the indications of your other Mars Card are more challenging. Even if your other Mars card indicated a challenge or problem, this card guarantees that you will overcome it and that the result will be a positive one. A successful card in the other position will further strengthen the influence of this card and could tell you who or what you will experience such satisfaction with during this 52-day period.

Vertical

The Five of Diamonds in the Mars Period

Under this influence impulsive actions or competing with others could cause a loss of money. This could also represent a business journey or changes in your business. There may be interference from some male in a business deal. This is not necessarily a negative influence as it could provide the impetus for positive changes. However, under Mars you must guard against too much aggressiveness or impatience as these could produce negative results.

Your 52-Day Jupiter Planetary Period Cards In Your Planetary Ruling Card's Spread

Begins on 2/5/2026 and ends 3/29/2026

About the Jupiter Period Cards

The Jupiter Period is the one that falls in the middle of your personal year. During this period, the focus is usually on business and financial matters, though it is not restricted to these alone. The two cards found in this period will combine to tell you what influences are present and therefore, what is likely to occur.

Our Jupiter Cards often tell us what or who are the biggest blessings of the year, especially along financial lines. If we involve ourselves in activities related to our Jupiter Cards, we could see an increase in our finances through those directions.

Direct

The Nine of Diamonds in the Jupiter Period

Under Jupiter, this card can mean affluence. Spending or investing a large sum of money is indicated, which means you have to have money in order to spend it. A large sum of money can be both made and lost, all within this period. This card indicates extravagant tastes and poor judgment with money which can cause financial loss to the point of discomfort. You might find much satisfaction, however, in matters that involve charity or other community service.

It is likely that a job or occupation could come to an end now, but if so, it will probably be one of the better endings you have had in your life. The end will be easy and perhaps financially protected. If you resist any endings that occur now, you are only depriving yourself of the wonderful changes that are moving you to a new and better stage of your life.

Vertical

The Three of Diamonds in the Jupiter Period

Here you have the possibility of financial success in two or more areas at once or by expressing your creative energies. This is a great influence for those in the creative fields, whether that be artistic or financially creative work. Your involvement in two or more money schemes at once may also create some indecision & worry. The Jupiter period usually brings out the best of any cards found there, especially financially. Use this influence to make more money doing creative work or by diversifying what you are already doing into various channels.

Your 52-Day Saturn Planetary Period Cards In Your Planetary Ruling Card's Spread

Begins on 3/29/2026 and ends 5/20/2026

About the Saturn Period Cards

The Saturn Period follows Jupiter and is almost the reverse of it in its influence. Whereas Jupiter is expansive and abundant, Saturn is often restrictive and burdensome. The two cards found in this period will combine to tell you what influences are present and what is likely to happen. Our Saturn Cards often describe who or what are our major challenges or difficulties for the year. However, by facing these challenges, we can learn many things that will aid in our ultimate success. Saturn teaches us patience and responsibility.

Direct

The Eight of Hearts in the Saturn Period

This card gives you the power to overcome illness and to heal or help others if you desire. A lot of charm and emotional power are present for you now and this can be used successfully to further your career and financial goals. With the karmic influence of Saturn you may find that your own power to get what you want emotionally leads you into some difficult relationships, ones that perhaps reflect your own immaturity in handling this power.

This card is such a strong influence that it will override any negative influences present during this period. Even if your other Saturn Card were one of challenge or problem, this card guarantees that you will have a successful outcome and an overcoming of difficulties.

Vertical

The Six of Spades in the Saturn Period

Any physical problems you face now are likely to be the result of an accumulation of bad health habits from the past. As this is a 'triple karmic' influence, most any area of your life could be the one where you are receiving payment for past thoughts, words, or actions that were hurtful to others or to your own body. Now is the time to take full responsibility for your health, work and lifestyle and to be willing to make proper amends to correct any problems.

This is the strongest card of fate in the whole deck. Because the Saturn Period is also a karmic or 'fated' period, it triples the influence. Seeing this card coming, it is wise to take stock of your actions in the past and assume as much responsibility as you can for your deeds. It is especially important to make sure that your health and work habits are positive, honest and healthful as you approach this period. Everything in your life that is out of balance will probably be brought into balance in a somewhat relentless and often extreme manner.

Your 52-Day Uranus Planetary Period Cards In Your Planetary Ruling Card's Spread

Begins on 5/20/2026 and ends 7/11/2026

About the Uranus Period Cards

After the often grueling struggle of the Saturn Period, the Uranus Period usually comes as a welcome relief. Everything tends to lighten up and we tend to focus more on the people we hang out with both socially and at work. The two cards found in this period will combine to tell you what influences are present and therefore, what is likely to occur.

Things often happen unexpectedly in Uranus or the things that happen have an unusual quality about them. Our Uranus Cards often foretell the success or failure of our relationships at work or in other circles.

Direct

The Ten of Clubs in the Uranus Period

This influence brings success and recognition in labor affairs, real estate deals, and any kind of teaching or writing. This is also a very good influence for humanitarian work or selfless service to your community. Psychic development or working with electronics and futuristic technology is also favored by this influence. Your intuition could be very strong now. Apply it in your work for success and understanding of yourself and others.

Vertical

The Queen of Clubs in the Uranus Period

This is a very psychic and creative influence that bestows much success in almost any field where mind power, creativity and intuition can be applied. Many ideas and bits of information will just seem to appear in your mind and many of these could be very helpful in your work or personal life. You may seem more impatient than usual and should be careful while driving. But in general, this will be a productive and delightful period of mental success.

Any women of the Clubs suit may seem to be somewhat unpredictable during this period, and to a lesser extent, for the entire year. To insure success in your relationships with them, it would be best to just step back and allow them to do or be whatever they need to. A good friendship comes from unconditional love and acceptance.

Your 52-Day Neptune Planetary Period Cards In Your Planetary Ruling Card's Spread

Begins on 7/11/2026 and ends your next birthday!

About the Neptune Period Cards

Neptune is the last period, that always begins 52 days before your next birthday each year. This period is one of the best times to take a vacation, especially if that vacation will take you to a foreign country.

Our Neptune Card(s) often represent who or what are our 'hopes and fears' for the year. It can represent things that we secretly want or things that we may be afraid will come to pass. The Neptune Period is usually not a good time to make any definite decisions about our future as things often appear blurred from our point of view.

Direct

The Queen of Clubs in the Neptune Period

This is a very inspirational and intuitive influence that promises success in any of the mental fields. If you are doing any kind of work where organizational ability, creative ideas, or intuition play an important role, this period could be marked by much success. You may desire to play more of a service role during this time and indeed much of the information that will come to you can be helpful to others. You walk with Mary, Mother of Jesus.

Any women of the Clubs suit that you meet during this period, and to a lesser extent, this entire year, are likely to be a little hard for you to see objectively. You could easily project your fantasies on them, romantic or otherwise. Therefore it is best not to make any important decisions related to them until after your next birthday.
